**Subject: Granville Solvents Site Removal Action
Request to Re-Submit the Groundwater Monitoring Program Plan**

Dear Mr. Hanlon:

The Granville Solvents Site PRP Group and Metcalf & Eddy, Inc. will submit the revised Groundwater Monitoring Program Plan (Plan) on April 7, 1995 in light of comments provided and discussions held in our meeting Monday, March 20, 1995. We believe that this will reduce the overall effort necessary to come to agreement on this matter. Accordingly, we suggest that the U.S. EPA defer replying to the March 15, 1995 version and reply to the upcoming revision.

If you have questions regarding this submittal, please contact Ben Pfefferle at (614) 469-3235 or me at (614) 890-5501.

Respectfully,

METCALF & EDDY, INC.
